

KARANAMU SAI ESWAR

AI/ML Engineer — Data Analyst — Software Developer

karanamusaieswar14@gmail.com — +91 7337065581 — Andhra Pradesh, India

SKILLS

PROGRAMMING

Languages

- Python
- SQL

Tools

- Git • Windows
- VS Code • Eclipse • Postman

Frameworks

- React.js • Flask
- Spring Boot (Basic)

Technologies

- Power BI
- Power Query • DAX
- PostgreSQL
- MySQL • SQL Server
- Object Detection (SSD)
- Data Visualization
- Real-Time Data Processing

SOFT SKILLS

- Problem Solving • Adaptability
- Teamwork • Communication

EDUCATION

B.Tech, CSE (Artificial Intelligence)

Bharatiya Engineering Science and Technology Innovation University

2021–2025 — Andhra Pradesh

CGPA: 8.93

Intermediate (MPC)

S.D.H.R Junior College, Tirupati

2019–2021

Percentage: 62.5%

SSC

Z.P High School, Bommanahal

2019 — Anantapur

Percentage: 93%

LANGUAGES

- English • Telugu

PROFILE

Computer Science Engineering graduate specializing in Artificial Intelligence with skills in Python, SQL, Power BI, Machine Learning, and Full Stack Development. Hands-on experience in AI applications, data visualization, object detection, and web application development. Seeking an entry-level Position in Software Development, AI/ML, or Data Analysis.

INTERNSHIPS & TRAINING

Digital Edify, Hyderabad Data Analyst Intern - Apr 2025 – Jul 2025

- Performed data cleaning, transformation, and analysis using SQL and Power BI.
- Created interactive dashboards and reports for data visualization and business insights.
- Worked with DAX, Power Query, and database management techniques.

Innovate Intern (Remote) AI/ML Intern — Oct 2024 – Jan 2025

- Enhanced real-time image recognition performance using an SSD-based object detection system.
- Applied machine learning and data processing techniques for AI-based applications and real-time AI workflows.
- Improved understanding of AI workflows and real-time model implementation.

TNS India Foundation Java Full Stack Trainee-Aug 2024 - Dec 2024

- Developed full-stack web applications using React.js, Java, and SQL.
- Integrated frontend, backend APIs, and databases.
- Learned REST APIs, backend development, and practical implementation workflows.

PROJECTS

Hexabot AI – Personalized Chat Assistant

AI chatbot using LLaMA3 with conversational AI features.

- Created responsive frontend interfaces using React.js and backend APIs with Flask.
- Integrated PostgreSQL database for authentication, chat storage, and data management.
- Integrated AI workflows for better user experience and chatbot interaction.

Digital Transactions Community Service Project

- Conducted awareness sessions on secure digital payments and online transaction safety. and the promotion of safe digital banking practices.
- Educated users on fraud prevention, digital banking practices, and cyber safety.

CERTIFICATIONS

- Data Analyst – Digital Edify
- Python & Problem Solving – HackerRank
- Power BI & AI/ML Workshop Certification

HOBBIES

- Writing, drawing, crafting, and exploring new technologies.
